

Rudolf advice

Written and Illustrated by Emre

Dear Rudolf, I heard that the reindeer aren't being nice to you. They made fun of you. They teased you. They called you names and didn't let you join in the reindeer games.

I can give you advice and here it is.
You can ignore the reindeer so after
awhile they will stop. I tried that
once.

You could also use self-talk to make it easy.

Please listen to my advice. From, Emre

I am from San Jose and I live there too. I have
2 sisters.

I wrote it so Rudolf would get advice.
