

nd of the Blue Dolphins book re

Written by Willy Illustrated by Willy

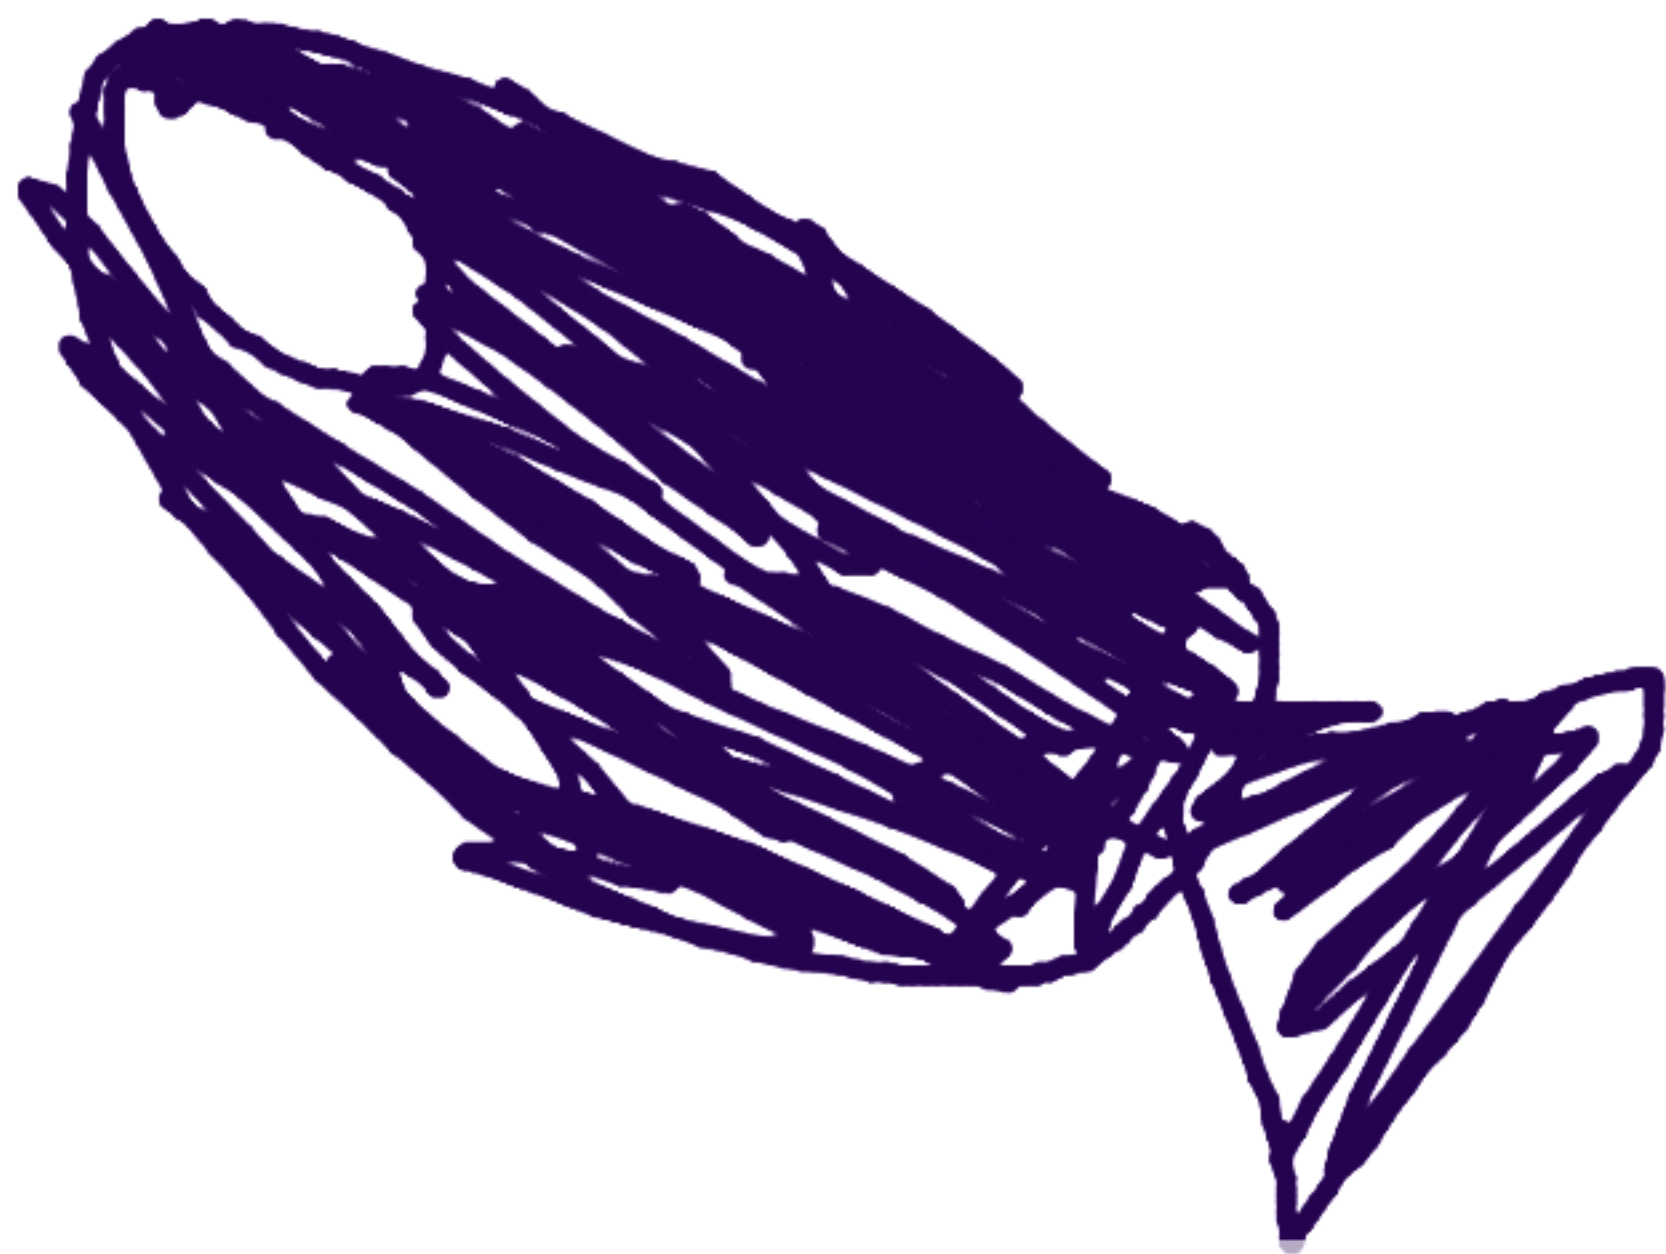

In the beginning Karana saw a ship. The Aleuts came to hunt otters. They wanted 2 of 3 parts of otter. The indians said it wasn't fair.

In the middle Karana is super mad at the dogs. Karana killed three dogs, because they killed Ramo.

In the end Karana built a house and a gate. She fed Rontu in the house. Rontu is a dog.

My favorite part is when Karana found the bass fish. I like this part because she found it by herself.

My least favorite part was when Rontu died because it's sad. Karana was crying.

I'm William and I like Poke'mon

It is about a girl .
